## PROTECT-PE-02-SK

- **2 safety contacts**
- **Signalling output for each sensor (monitoring of both circuits of the sensors) and and all sensors (Y5, group signal)**
- **Input for up to 4 sensors per interface e.g.: magnetic safety switches type BNS, emergency stop devices, interlocking devices and others**
- **Possibility to connect up to 4 sensors with non-isolated signals, e.g. the CSS products from Schmersal as well as AOPD's (only PROTECT-PE-02)**

Data

General data	
Product name	PROTECT-PE
Standards	IEC 61508 IEC/EN 60204-1 ISO 13849-1 EN 60947-5-1
Climatic stress	EN 60068-2-78
Enclosure material	Glass-fibre reinforced thermoplastic, ventilated
Gross weight	180 g
